Who I know

Fernando Bernal

PRODUCT DESIGN MANAGER AT META

Worked together at Shure Inc. for 2 years

"David's biggest strength as a designer is intentionality. There is clear purpose, intent and data leveraging to solve problems through design. David is also highly empathetic and communicates very effectively."

Wei-Hsun Chen

PRODUCT DESIGNER AT META

Worked together at Shure Inc. for 4 years

"David is a talented designer and demonstrated storytelling skills through product design. He showed leadership while navigating the team through ambiguous space while remaining malleable to incorporate feedback to drive design direction."

How I can add value

I have created design systems from the ground up, for both hardware and software. I've led UX support for complex wireless microphone systems, conferencing devices, and consumer microphones and headphones.

I'm passionate about visual design, 3D, and VR experiences. I love creating physical and digital things, and working in the space in between. People I know would say I'm patient, empathetic, persevering, and always learning.

DESIGN SKILLS	SOFTWARE	TECHNICAL SKILLS
VISUAL DESIGN	SKETCH	HTML
ART DIRECTION	FIGMA	CSS
WIREFRAMING	PRINCIPLE	SWIFT
PROTOTYPING	ADOBE AI/PS/XD	PROCESSING
HI-FIDELITY MOCKUPS	AFTER EFFECTS	GIT
JOURNEY MAPPING	CINEMA4D	C#
USER INTERVIEWS	UNITY	
MOTION DESIGN		

Experience

Sr. UX Designer
Shure Inc.
2014 – Present

Co-created the design system for Shure software, product design across all categories (Conferencing, Pro Audio, and Consumer Audio) for both software and hardware. Art direction and platform advocacy.
